# Accessibility conformance report: Memorandum: Internal Service Funds Supplemental Information (City of Lawrence Finance Department, July 28, 2021)

Prepared 2026-11-12. Source file: lawrence-isf-memo.pdf (6 pages). Remediated file: lawrence-isf-memo.pdf.

## Summary

Before and after remediation

| Check | Before | After |
|---|---|---|
| PDF/UA-1 machine validation (veraPDF, ISO 14289-1) | Fails: 2 rules, 18 failed checks | Passes |
| Tagged structure | Yes | Yes |
| Document language | en-US | en-US |
| Document title shown in title bar | Memorandum | Memorandum: Internal Service Funds Supplemental Information (City of Lawrence Finance Department, July 28, 2021) |
| Bookmarks | 0 | 9 |
| Images with alternative text | | 0 of 0 tagged figures |
| Form fields with labels | | No form fields |
| Text recognised from scanned images (OCR) | | Not needed |
| Visual change (share of pixels that differ, worst page) | | 0.0000 |

Visual change is measured by rendering every page before and after and counting pixels that differ. A value near zero means the document looks the same to a sighted reader. Small non-zero values come from embedding the fonts the original only named.

## What we promise, and what we do not

- The remediated file passes PDF/UA-1 machine validation in veraPDF, the reference open-source validator, unless this report says otherwise.
- The structure (headings, lists, tables, reading order) was reviewed against the page, and every image and form field was reviewed and described or labelled.
- This is not a certification and not a legal opinion. Machine validation cannot judge whether alternative text or reading order is right; that part rests on the review described below.
- Colour contrast is measured and reported, not changed.

## Structure of the remediated document

Tagged elements by type

| Element | Count |
|---|---|
| H1 | 1 |
| H2 | 8 |

| | |
|---|---|
| P | 28 |
| TD | 408 |
| TH | 167 |
| TR | 115 |
| Table | 13 |

## Headings, in reading order

- Level 1: Memorandum
- Level 2: Background
- Level 2: Risk Management
- Level 2: Human Resources
- Level 2: Finance Administration
- Level 2: Information Technology
- Level 2: Additional Internal Service Fund Functions
- Level 2: Utility Billing
- Level 2: Summary of All Administrative Services

## Machine validation in detail

Failures in the original file

| Rule (ISO 14289-1 clause) | What it checks | Failed checks |
|---|---|---|
| 5-1 | The PDF/UA version and conformance level of a file shall be specified using the PDF/UA Identification extension schema | 1 |
| 7.5-1 | If the table's structure is not determinable via Headers and IDs, then structure elements of type TH shall have a Scope attribute | 17 |

No PDF/UA-1 failures remain in the remediated file.

## Colour contrast (WCAG 2.1, success criterion 1.4.3)

No text run measured below the required contrast ratio.

## Checks that need human judgement (Matterhorn Protocol)

Human checks

| Checkpoint | Status | How |
|---|---|---|
| 01 Real content tagged, decoration marked as artifact | Reviewed by the remediator | Tag tree compared with the rendered pages. |
| 06/09 Logical reading order and appropriate tags | Reviewed by the remediator | Reading order and tag types checked in the tag dump against the page images. |
| 13 Alternative text for figures is meaningful | Reviewed by the remediator | Every image looked at; alt text written for meaningful images, decorative images marked as artifacts. |
| 14 Headings: levels reflect the document's outline | Enforced by script; reviewed | Engine never skips a level; heading text checked in review. |
| 15 Tables: headers and scope | Reviewed by the remediator | Header cells and scope checked in the tag dump. |
| 16 Lists tagged as lists | Reviewed by the remediator | List structure checked in the tag dump. |

| | | |
|---|---|---|
| 28 Form fields have labels; tab order follows structure | Enforced by script; reviewed | Every field has a tooltip (TU); page tab order set to structure order. |
| 31 Text maps to correct Unicode (including OCR text) | Enforced by script; reviewed | Fonts carry ToUnicode maps; OCR text spot-checked against the image. |
| WCAG 1.4.3 Colour contrast (outside PDF/UA) | Measured by script | Measured by script for every text run; reported below, not changed (changing colours changes how the document looks). |
| Usability with a screen reader (NVDA, JAWS) in Adobe Acrobat Reader | Not done | Not part of this deliverable unless stated: no screen-reader session was recorded for this file. |

## Tools

veraPDF 1.30.4 (PDF/UA-1 validation); qpdf and pikepdf (PDF structure); PyMuPDF (layout and rendering); OCRmyPDF with Tesseract (text recognition, when needed); LibreOffice (this report). All run locally.

The full structure tree in reading order is supplied as a separate text file.
